

ATH Cross Lift® 50 OGA

Product Images

Description

High-quality and robust hydraulic drive platform scissor lift with minimal maintenance requirements

Powerful hydraulic unit with load-dependent lowering valve

Suitable for mounting on the ground with the above-ground kit

With recesses for turntables at the front, mechanically lockable swing plates at the rear, wheel-free jack (load capacity: 4 t, lifting height: 450 mm), running rails for the optional axle-free jack, plug-in cross connections, incl. metal guard and switch for the optional 24V LED lighting

Pneumatic unlocking of the safety catches, CE stop and signal tone when lowering

Emergency lowering system for lowering in the event of a power failure, synchronisation monitoring via light barrier

Ideally suited for reception, wheel alignment, repair and test station for headlight and driver assistance systems

Additional Information

Rated load capacity	5000 kg
Lifting height max.	2160 mm
Overall width	2200 mm
Overall height	295 mm
Driving power	3,5 kW
Lifting/Lowering time	70 70 s
Power supply voltage	3x 400V / C16A
Concrete strength	5310 x 2240 x 150 C 25/30
Color	RAL 7016 / RAL 9005
Drive-on-height	295 mm
Total platform length	5000 mm
