

ATH Cross Lift® 50 Plus UGA

Product Images

Description

High-quality and robust hydraulic drive platform scissor lift with minimal maintenance requirements

Powerful hydraulic unit with load-dependent lowering valve

Suitable for floor-level installation and installation on the floor with the optional on ground kit

With recesses for rotating plates at the front, pneumatically lockable oscillating plates at the rear, platform extension including joint play tester, wheel-free jack (load capacity: 4 t, lifting height: 450 mm), side rails for the optional axle jack, removable cross connections, 24V LED lighting including metal protection bar and switch

Emergency lowering system for lowering in the event of a power failure, synchronization monitoring via safety light barrier

Ideally suited for inspection, wheel alignment, repairs and test stations for headlamp and driver assistance systems

Additional Information

Rated load capacity	5000 kg
Lifting height max.	2160 mm
Overall width	2200 mm
Overall height	295 mm
Driving power	3,5 kW
Lifting/Lowering time	70 70 s
Power supply voltage	3x 400V / C16A
Color	RAL 7016 / RAL 9005
Total platform length	5600 mm
Installation depth	295 mm
